

LANDYARD SERIES

Enhancing your Engage Experience

Make your conference immediately engaging with our customized ENGAGE! Lanyards. We've transformed our Engage Exercise Question Card into an intriguing identification piece that offers many levels of value:

BRAND YOUR EXPERIENCE

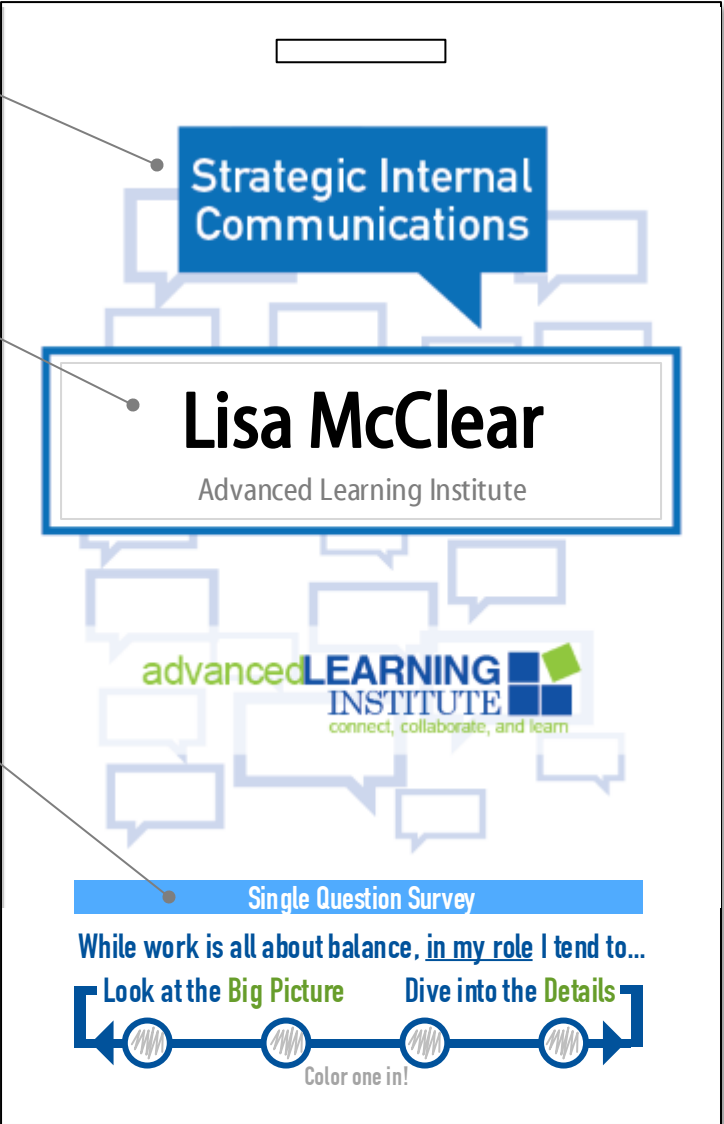

Brand your conference on a handsome, heavy cardstock lanyard, transforming the usual ho-hum plastic lanyard holders into a memento that attendees want to wear – and bring home!

EASY REGISTRATION

An easy method of providing attendee name and company information on a simple label, applied to the ENGAGE Lanyard Card on site.

SIMPLE SOCIAL SURVEY

Customized mini-survey questions based on conference topics that immediately engage attendees in the topic, drive conversation, and allow speakers to reference the questions and relate to the speakers throughout the day.

OPTIONS ABOUND

Our ENGAGE Lanyards can be produced with a simplified front, and a "starter" question on the back.

An entire set of ENGAGE! questions can be created and integrated into a badge "pouch" or hung from a lanyard, driving curiosity and setting your attendees up for success.
